EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On page 2, lines 4-7, the first paragraph of the Specification, has been replaced with the following amended paragraph:

The present application is related to co-pending U.S. application entitled, "Reducing Time to Measure Constraint Parameters of Components in an Integrated Circuit", Serial Number: ~~UNASSIGNED~~, 10/403,080, filed on April 1, 2003, naming as inventors: Katla et al, Attorney Docket Number: TI-32656, and assigned to common assignee.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the closest prior art of record is Rao et al. (US 6,584,598) and Rao et al. (US 2002/0143516 A1) and Krishnamoorthy (US 6,311,148 B1); however, the prior art of record does not suggest or disclose the claimed combination of method steps or system elements, most

particularly: as per independent claims 1, 13 and 21, the claimed means for or steps of "estimating said constraint parameter for said combination of circuit parameters based on correct constraint parameter values of one or more of other combinations of said circuit parameters to generate an estimated value; and searching around said estimated value to determine a correct value for said constraint parameter for said combination of circuit parameters"; and as per independent claims 13, 29 and 31, the claimed means for or steps of "generating a curve with delay as a function of said plurality of points; selecting a plurality of intermediate points in said first search range; determining an expected delay associated with each of said plurality of intermediate points using said curve; comparing said each expected delay with a threshold...; and determining a next point of simulation based on the results of said comparing."

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
